

Revision of Annual Membership Dues (Individual & Foreigner)

Thank you for your membership with the Kashiwa International Relations Association.

As of April 2010 the annual membership dues of individual and foreign members will be changed as follows:

Individual Dues : 2,000 Yen

There will be no distinction between “Individual” and “Foreign” members. They will be a single membership, Individual Member, with the fee of 2000 yen.

“This revision will become effective after a resolution at the administrative board to be held on April 17, 2010 and at the general meeting on April 24, 2010. We would like to ask for your cooperation in paying the new dues after the general meeting on April 24, 2010.”

With this revision, bringing Individual Membership dues (Japanese – 3,000 Yen) and Foreigner Membership dues (Non-Japanese – 1,000 Yen) to the same amount (2,000 Yen), we intend to realize the participation of Japanese and non-Japanese citizens on equal footing, and encourage further interests in participation of our international exchange activities. In producing this proposal we considered the policies and due amounts of international exchange associations of neighboring cities.

Other membership dues, Corporate, Family, and Student, are unchanged.

We appreciate your understanding and continued cooperation with Kashiwa International Relations Association.

Thank you.

Kashiwa International Relations Association
Acting Chairman Rikuro Nakayama
