We thank you very much for your sincere support to KIRA's activities and we always appreciate your help in translating and interpreting your mother languages to Japanese and vice versa. In KIRA, there was a certain need of translation and interpretation of foreign languages.

Since two years ago when we started working to build foreign residents network, the volumes have tremendously been increased and nowadays, these voluntary works have become to play an important role in KIRA.

To cope with current situation, KIRA Management Committee in November has agreed the following.

1. Under General Affairs Committee, Translation and Interpretation Volunteer Sub-Committee will be organized as of April 2008, where all administrative works for translation and interpretation shall be taken place.
2. Such volunteer works will be limited to the need of inside KIRA.
3. Such volunteer works are for KIRA and by KIRA members. Therefore, any compensation or reward shall not be made.
4. We decided to invite all KIRA member to register, hoping for as many member as possible to participate this voluntary work..
